

WANTED NEW VOLUNTEERS:

Dear Members

EVENTS AND RESEARCH: Would you like to assist us with our events and research in some small way. As a volunteer, you will receive a free a trip of your choice to one of our events.

Visit to Earlestone Manor and Savill Garden

EVENTS: The Trustees would love some help in organising **events** in many ways:

- identifying new gardens to visit in Berkshire or within 1-2 hours of the county
- finding good speakers
- arranging talks and visits
- setting up at Purley Barn and any other venues
- for those with IT skills, preparing event fliers

You may be interested in becoming an Events Organiser. This is usually a Trustee role, but we would be pleased if you would like to take this on. I currently manage the TicketSource account for bookings.

RESEARCH: Alternatively, you might be interested in helping the research team.

Herschel Park and The Dell

The team is led by former Trustee, Janet Fuller, and our current Trustee, Michelle Leek. They are currently focussing on our major **Public Parks Project** see:

<https://www.berkshiregardenstrust.org/public-parks-project> . There is scope for many other projects.

- is there an historic park or garden you would like to research;

- are you worried about the future of an historic park or garden and would like to let us know;
- do you like photography and could contribute to our photographic records;
- do you like delving in archives, visiting parks and gardens;
- are you happy working with spreadsheets;
- are you part of a Garden Friends' group.

Do get in touch with me via BerksGTenquiries@gmail.com if you might be interested. We now have the smallest number of Trustees since BGT was first set up in 2009 and would love some help.

Best wishes to you all,

Bettina Kirkham

Chair
